**PLAINTIFF'S GS CLEANTECH CORPORATION MOTION FOR SUMMARY  
JUDGMENT OF INFRINGEMENT AGAINST UNITED WISCONSIN GRAIN  
PRODUCERS, LLC**

Plaintiff GS CleanTech Corporation ("CleanTech") hereby moves pursuant to Fed. R. Civ. P. 56 for summary judgment of infringement for all asserted claims of U.S. Patent No. 7,601,858 (hereinafter, "the '858 patent") and U.S. Patent No. 8,008,516 (hereinafter, "the '516 patent").

In support of this motion, CleanTech states that the undisputed facts demonstrate that Defendant's process falls within the asserted claims. It cannot be disputed that Defendant's process uses a centrifuge to separate and recover oil from concentrated thin stillage producing a substantially oil stream and a substantially oil free stream.

In further support of this motion, CleanTech relies on its Memorandum in Support, containing a statement of Material Facts Not in Dispute pursuant to Local Rule 56-1, and authorities cited therein filed concurrently herewith.

Respectfully submitted,

Dated: September 14, 2012
